

TrakSYS

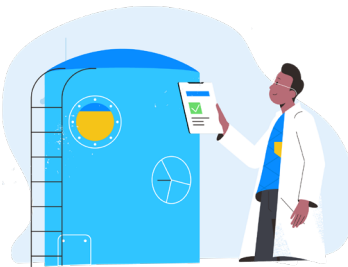

Optimizing the World One Factory at a Time

As pioneers of MES, we designed our manufacturing execution system, TrakSYS, to enable companies to run their operations as efficiently, effectively, and profitably as possible. With its native interoperability, array of standardized frameworks, configurable, extensive solutions, and ability to meet the needs of manufacturers across a myriad of industries, TrakSYS has been enabling optimization on a global scale since 1994.

Here's what our impact looks like today:

Deployments in over

140
countries

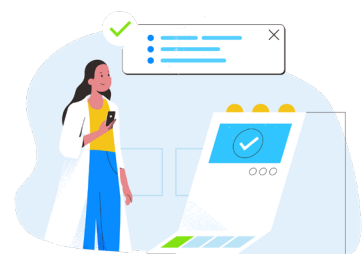

11,000
plants
worldwide

500,000
daily users

580

TrakSYS
implementations
in 2021

80

of the Fortune 200
companies use TrakSYS

Customers are managing upwards of
75 separate sites from one
instance of the platform
